SNOW SHOVELER(S) NEEDED

Winter is now upon us and we need someone to shovel the snow off the sidewalks at the church. We will provide the tools - shovels, snowblower, brooms, ice melt, ice scraper - all we need is a person or a team committed to do the work -to keep the sidewalks clear and safe. If you can provide this service for the full winter or, even for part of it, or do all of the shovelling or just some of it, please contact either the office (306-586-0449) or Kelly Nelson (306-536-9932).

Good Neighbour Project

Winter is upon us we are in need of warm blankets of any size.

Please drop them off at the coat room or by the food shelf in the gathering area. Thank YOU for your generosity!!

**St.
Anne's
CWL**

The CWL December 11, 2022 Bake Sale Was a Success!!

St. Anne's CWL would like to express gratitude to those who made donations, purchases and attended our Dec. 11, 2022 Christmas Bake Sale event! It was a welcome opportunity for fellowship after Sunday Mass.

We were able to realize proceeds of over \$850 for CWL charities. At our November meeting, for the 2022 year, our CWL authorized nearly \$2,500 in disbursements to 15 different entities.

We thank the parish for their continuing support!

Stewardship Bulletin Bits

**December 18, 2022
4th Sunday of Advent**

"When Joseph awoke, he did as the angel of the Lord had commanded him and took his wife into his home." Matthew 1:24

Putting our complete trust in the Lord without expecting anything in return. Striving to put God first in all things and follow Him wherever He may lead us. Joseph was a model of these pillars of our faith. As we prepare for the birth of our Lord, pray for the strength and courage to be a model of discipleship, just as Joseph was.

Scientists Can't Explain Why Guadalupe Tilma Hasn't Decayed

Philip Kosloski - published on 12/11/22

After nearly 500 years, the tilma bearing the image of Our Lady of Guadalupe is still perfectly preserved, when it should have decayed.

St. Juan Diego's tilma, bearing the miraculous image of Our Lady of Guadalupe, has been on display in Mexico for nearly 500 years, but it has not shown any signs of decay.

This reality has **stumped many scientists**, as the tilma was made of a material that should have decayed only a few short years after it was put on display.

Dr. Aldofo Orozco explained the situation at the International Marian Congress on Our Lady of Guadalupe in 2009, as recorded by *Catholic News Agency*.

All the cloths similar to the Tilma that have been placed in the salty and humid environment around the Basilica **have lasted no more than ten years** ... the original Tilma was exposed for approximately 116 years without any kind of protection, receiving all the infrared and ultraviolet radiation from the tens of thousands of candles near it and exposed to the humid and salty air around the shrine.

Furthermore, the tilma has endured all sorts of mistreatment, such as the accidental spilling of a 50% nitric acid solvent in 1785. The tilma was unharmed by the incident.

The tilma even survived a **bombing of the basilica in 1921**. Everything around the tilma was badly damaged, but not the tilma.

Dr. Orozco said that the preservation of the tilma was simply **"beyond any scientific explanation."**

MISSION STATEMENT: We, the Catholic Parish of St. Anne, centred in Word and Eucharist, are called to be a caring faith community; coming together to celebrate God's love and truth through the sacraments, and make Christ present to others through loving service.
